

# OMAR TRIGUI

Cloud Native & Platform Engineer | Kubernetes Specialist

☎ +33 620 877 142 | [trigui.omar@proton.me](mailto:trigui.omar@proton.me) | [Website](#) | [LinkedIn](#) | Ile-de-France

Cloud Native and Platform Engineer with 4+ years of hands-on experience designing, deploying, and operating Kubernetes and CNCF platforms at scale. Skilled in GitOps/DevSecOps automation, multi-cluster infrastructure, and building internal developer platforms that improve reliability, security, and delivery velocity.

## Technical Skills

**Container Orchestration:** Kubernetes, OpenShift, K3s, Hypershift, Docker, Helm, Kustomize, Helmfile

**Cloud & Infrastructure as Code:** AWS, Azure, Scaleway, Proxmox VE, Terraform, OpenTofu, Terragrunt, Terramate, Crossplane

**GitOps & CI/CD:** ArgoCD, Argo Rollouts, Kargo, Flux, GitLab CI, Kubebuilder (Go)

**Observability & Reliability:** Prometheus, Alertmanager, Grafana, PagerDuty, OpenTelemetry, Istio Service Mesh, API Gateway

**Security & Secrets:** Vault, OpenBao, Falco, SOPS, Cloudflare, Trivy

**Other:** PostgreSQL, Backstage, Rancher, Bash, Go, MkDocs

## Professional Experience

### LEMINNOV

Paris, France

10/2023 – Present

Permanent Position

*DevOps & Cloud Native Engineer – Client Engagement*

04/2024 – 10/2025

- Designed and implemented a scalable multi-tenant GitOps architecture spanning Development, Integration, and Production environments, standardizing deployment workflows across engineering teams.
- Implemented centralized monitoring and alerting across multi-cluster EKS environments, improving incident visibility and reducing detection time.
- Stack:** Kubernetes, AWS, Flux, Helm, Kustomize, GitLab CI, Rancher, Prometheus, Alertmanager, Grafana, PagerDuty, Vault, Cloudflare

*DevOps & MLOps Engineer*

10/2023 – 04/2024

- Deployed a sovereign, self-hosted, highly available language model platform based on Retrieval-Augmented Generation (RAG).
- Designed and deployed production-ready Red Hat OpenShift clusters on Proxmox VE using Hypershift, with GitOps-driven operations and automated cluster lifecycle management.
- Configured core platform services including multi-cluster management, observability, secrets management, and application delivery.
- Architected a custom Kubernetes operator integrated with GitLab workflows and organizational architecture standards, while developing reusable Terraform and Helmfile modules.
- Stack:** Kubernetes, OpenShift, Proxmox, Hypershift, Scaleway, OpenTofu, Terramate, Helmfile, GitLab CI, Bash, Go, Kubebuilder, ArgoCD, Kargo, Crossplane, SOPS

### LEMINUP

07/2022 – 09/2023

*Infrastructure & Platform Engineer*

- Built a self-service developer portal with Backstage, improving service discoverability and reducing developer onboarding friction.
- Automated the deployment of multi-node K3s clusters on bare-metal infrastructure using Tinkerbelle.
- Implemented multi-cluster communication through Istio Service Mesh within a GitOps/IaC workflow.
- Stack:** Kubernetes, Docker, Terraform, Terragrunt, Helmsman, ArgoCD, GitLab CI, Istio, KubeFleet, Backstage, Tinkerbelle, Equinix Metal, Bash, MkDocs

## Education

### Engineering Degree in Computer Science – Cloud Computing Specialization

2020 – 2023

*SUPCOM – Higher School of Communication of Tunis*

- WLAN and Wide Area IP Networks, Data Engineering, Cloud Fundamentals, Big Data, Algorithms

### Preparatory Program in Physics and Mathematics

2018 – 2020

*Preparatory Institute for Engineering Studies of Sfax (IPEIS)*

### Baccalaureate in Mathematics – Highest Honors

2014 – 2018

*Sfax Pioneer High School*

## Certifications & Languages

**Linux Foundation:** CKAD, CKA, CKS, KCNA, KCSA, FinOps

**Cloud:** AWS Cloud & AI Practitioner, AWS Solutions Architect Associate (SAA-C03), Microsoft Azure Fundamentals (AZ-900)

**Languages:** French (DELFI B2 – 79/100), English (TOEIC – 880/990), Arabic (Native)

## Volunteering

### DevOps Instructor

2023 – 2024

*ENIS University – Sfax, Tunisia*

- Delivered Kubernetes training combining theoretical concepts with hands-on labs for engineering students.

### Media Manager

2021 – 2022

*IEEE Sup'Com Student Branch – Tunis, Tunisia*

- Managed social media channels and visual content, increasing chapter engagement and visibility.
